

## **Polk County Transportation Fare Payment Policy**

Passengers pay exact change when boarding unless payment was made in advance or service is covered by a funding source or Human Service Agency. Agreements about covered trips must be defined between the passenger/agency and Polk County Transportation before the day of travel. If not, the passenger is responsible for the cost of the fare and is expected to pay the driver upon boarding.

Accepted forms of payment are cash, check, transit issued vouchers and credit cards.

### **Discounted Fares**

- 1. Foothills Express** - Discounted fares for unlimited travel are available weekly and monthly for the general public, Veterans and people over 60 years old
- 2. Work Subscription** - A subscription rate is available for weekly travel to work inside the county or to Landrum, SC. Monthly or weekly payment in advance is required for this discount.

### **Credit Cards**

A small fee is charged by the card processing company - \$1 for debit cards, \$1.95 for credit cards.

### **Vouchers**

Vouchers are sold in booklets of 10 and serve the same purpose as cash. They are used primarily by Human Service agencies to support individual travel. Because drivers do not carry change, vouchers may be offered when passengers do not have exact change.
